

SUMAN THAPA

2252 Esprit Drive, Orleans | 613-301-1240 | sumanthapa326@gmail.com

EDUCATION

MAY 2024 - JANUARY 2026 | FROM: LAMBTON COLLEGE, OTTAWA, ONTARIO

Post Graduate Degree

Full Stack Software Development

NOVEMBER 2017 - SEPTEMBER 2022 | FROM: BRITISH COLLEGE, KATHMANDU, NEPAL

Bachelor's Degree

Qualification: BSc. Hons Computing

WORK EXPERIENCE

FRONTEND DEVELOPER | TECH COMMUNITY NEPAL, KATHMANDU. NEPAL

APRIL 2022 - MARCH 2024

- Developed and maintained user interfaces for web applications, focusing on a seamless and intuitive user experience across various platforms.
- Collaborated with designers and backend developers to implement interactive features using JavaScript, HTML, and CSS.
- Worked on optimizing application performance, resulting in improved load times and a 25% boost in user engagement.
- Performed unit tests on frontend components to ensure code quality, reliability, and adherence to project requirements.
- Contributed to full software engineering lifecycle from planning and design to deployment and maintenance.
- Technologies: HTML, CSS, JavaScript (ES6+), React, Redux, Tailwind CSS, Bootstrap, Git, PHP, Angular (basic for specific projects), Python (for automation).

FRONTEND INTERN | STYLUS TECHNOLOGY, LALITPUR, NEPAL

SEPTEMBER 2021 - MARCH 2022

- Supported frontend and backend development efforts, working on smaller components and UI enhancements using Angular and JavaScript.
- Assisted in design improvements to enhance user experience, leveraging HTML, CSS, and JavaScript.
- Engaged in collaborative Agile Development processes, contributing to sprints and participating in code reviews under guidance of senior developers.
- Participated in code reviews, debugging sessions, and gained exposure to Agile development methodologies.

SKILLS

- HTML5 & CSS3: Strong expertise in creating clean, semantic markup and utilizing CSS for layouts, animations, and styling and proficient knowledge of CSS frameworks such as Bootstrap and Tailwind.
- JavaScript (ES6+): Proficient in JavaScript, including experience with asynchronous functions, DOM manipulation, and event handling.
- React & Redux: Skilled in React for component-based architecture and managing

application state
with Redux.

- Python (Basic): Familiarity with Python for basic scripting and automation tasks.
- Agile Development: Comfortable working in Agile environments with experience in sprint planning, retrospectives, and iterative development.
- Backend Development (Basic): Some exposure to backend technologies like PHP and experience integrating with REST APIs.
- Version Control (Git): Skilled in Git for version control, familiar with GitHub for collaboration.
- Testing & Code Quality: Experienced in writing unit tests, conducting code reviews, and debugging using Chrome DevTools to maintain quality assurance.
- Debugging Tools: Proficient with Chrome DevTools and other debugging tools to identify and resolve issues effectively.
- Analytics: Basic understanding of Google Analytics for tracking user interactions and gathering insights on web performance.
- Collaborative and adaptable, comfortable working in team-oriented settings.
- Detail-oriented with the ability to meet deadlines and handle project pressures effectively.
- Eager to learn new technologies and stay updated on industry trends.
- Experienced in management of tasks, prioritizing effectively to meet deadlines in fast-paced environments.

CERTIFICATIONS

- 1. Bachelor's Hons. In Computing from The British College affiliated to Leeds Beckett University
The UK.
- 2. Higher National Diploma in BSc. IT from ISMT College
- 3. "Responsive Web Design" from freecodecamp.org
- 4. "JavaScript Algorithms and Data Structures" from FreeCodeCamp.org.

HOBBIES

Travelling to explore scenic landscapes and natural beauty.
Photography enthusiast and enjoy capturing moments during trips.
Playing guitar during leisure time for relaxation and creativity.

SUMMARY

A proactive and skilled Frontend Developer with a solid computer science foundation and practical knowledge of backend development principles. Proficient in coding using modern frontend technologies such as HTML, CSS, JavaScript, React, and Angular, with hands-on experience in creating responsive, user-centered interfaces. Known for collaborative work style and ability to effectively manage tasks in Agile environments, seeking to leverage design and development expertise to contribute to innovative projects.
